

Kerbside Pickup is on again!

Who is eligible for this service?

The kerbside pickup is available to all residents within the townships of Balranald and Euston.

What can I get picked up?

Large individual items that are too difficult for you to deliver to the local tips or that are too big for the weekly Waste Collection Service can be picked up such as: roofing, fencing materials, white goods, furniture, large dead tree limbs etc.

What day is the pickup?

BALRANALD

Monday 21 September 2020
from 7.00am

EUSTON

Monday 21 September 2020
from 7.00am

Kerbside Pickup is
FREE
to Residents

Remember: there are items not eligible for collection

- TYRES
- BATTERIES
- DANGEROUS GOODS
- Other small items of household rubbish or grass clippings and prunings will NOT BE COLLECTED.

What do I need to know?

- If you wish Council to remove large items from within your yard*, please contact the Council on 03 5020 1300 to make a time for the items to be inspected and access determined.

- Items should be left out no earlier than the **day prior to the pickup**. Council will remove the items from the kerb on the allocated day.

** Please note: A collection fee for some large items removed from within your property may need to be imposed, please ask at the time of inspection.*

Normal Tip Hours

Balranald

Tuesday	4pm	till 6pm
Thursday	4pm	till 6pm
Saturday	10am	till 1pm
Sunday	10am	till 3pm

Euston

Tuesday	1pm	till 6pm
Thursday	1pm	till 6pm
Sunday	9am	till 3pm

Also, don't forget... don't over fill your bin

As previously advised, waste must be confined to allow your bin lid to fully close at the weekly collection service. Overfilled bins result in littering and will not be collected by the contractor.

Your help is appreciated. Thank you.

Peter Kozlowski, Acting General Manager

General Manager Recruitment

Council is looking to recruit a new General Manager following the recent departure of Mr Michael Kitzelmann after two and a half years in the role. The search for a replacement has already commenced and I am confident the job will attract high quality candidates. The recruitment of a new General Manager is expected to take 2 to 3 months. As in the past, an experienced executive recruitment firm will be engaged to facilitate the recruitment process. The process will align with the NSW Office Of Local Government's Guidelines for the Appointment and Oversight of General Managers.

Pictured above, Mr Peter Kozlowski

Mr Peter Kozlowski has been contracted to fill the General Manager position temporarily, pending the appointment of a permanent replacement. With an impressive academic record and 38 years senior level management experience in both New South Wales and Victoria, including financial and administrative strategic planning, project management, in small rural, regional city to large councils, Mr Kozlowski, who commenced in Balranald on

Monday 17 August, is a former long-standing (11 years) General Manager of neighbouring Wentworth Shire Council. He had also been the General Manager of Carrathool Shire for 4 years. He brings familiarity with the region along with his depth of local government experience.

Mr Ray Davy, who has been in the role of Acting General Manager while Mr Kitzelmann had been on leave since the beginning of July, will revert to his substantive position as Director of Infrastructure and Development to oversee the delivery of the Council's record capital works program. I would like to thank Mr Davy for leading the Council during this period, which coincided with a significant increase in workload associated with the Victorian border closure.

Advisory Committees

Thank you to those people who nominated to join one or more of our new local advisory committees. Positions on the following advisory committees will be filled in mid September with the Committees to be active by October.

- Growing Business Industry & Tourism
- Strengthening Community Access, Inclusion & Wellbeing
- Ageing Well, Aged Care & Facilities
- Balranald Beautification
- Sport & Recreation
- Euston Progressive
- Youth Council
- Executive of Chairs

**Mike Colreavy
ADMINISTRATOR**

From the Youth Mayor

Hi all

I would like to firstly thank Mr Michael Kitzelmann for his service to our community as General Manager of our Balranald Shire Council, Michael has achieved many things during his tenure, and it is such a shame to see that come to an end. I'd particularly like to thank Michael for all his helpful contributions to Youth Council, and its development. Thank you so much for your service Michael, and may your future journeys be full of happiness and all exciting new adventures. I would also like to thank our Co-Treasurer Skarlette, who will be departing from Youth Council, we wish you well!

Hopefully all of the younger people around the community have seen our Youth Council survey and have answered our questions that we laid out in it. We can't wait to read your responses!

Up and running! By now you should have seen the Youth Council facebook page up and running! We can't wait to use this new format for communicating with the community and will be excited to pass on Youth Council news in a quicker, more accessible form. We would love for you to give us any feedback by commenting on our posts, and connecting to our group, to spread out innovation, and to better represent the voice of our Youth.

As our second term of Youth Council comes to conclude, I cannot wait to continue work with the Youth Council in the future, with even more hard work, and dedication than ever. Together with the community we are making a difference, and we want to continue to do so. With the community's support, we can continue to go far, and to develop the ideas of 'youth' and 'fun' in our community. We want to continue to deliver events such as Youth Week in the future, and to one day, potentially create an official 'Youth Hub' in Balranald.

I would like to thank the community for their support thus far, and I cannot wait to work with the community, to deliver an optimistic broad view of how good our future in the Shire can be. So together, let us continue to work with the community, to deliver and make our Shire a better place for our Youth community.

I would like to remind everyone that there are active restrictions on current travel to Victoria, if you need to travel, then be sure to get the correct permit, and isolate upon your return for 14 days. Follow all hygienic advice and protocol. Together we can stop the spread.

On behalf of the Balranald Shire Youth Council, stay safe and keep well.

That's it from me!

Jackson Bialobrzewski

Youth Council Mayor

Balranald Shire Youth Council

Euston Cemetery Fence Upgrade

Earlier this year Local Land Services (LLS) approached Council, through the Euston Beautification and Tourism Committee, to offer a contribution of funds towards a project to improve the function of the Euston Cemetery fence. The ageing cemetery fence was in poor condition and not wildlife proof. LLS sought to provide financial assistance towards a Council project to replace the fence and gates such that the Cemetery would be inaccessible to rabbits and other wildlife seeking food and shelter in the Cemetery grounds.

Council was thrilled at the opportunity to partner with LLS on achieving this goal. The improvements in both function and beautification are of great benefit to our community. Works began in June, it provided an ideal opportunity for Council staff to also undertake a thorough tidy up of the boundary line and removal of accumulated litter. The works are now complete and the final result is a proud new boundary fence, gates and refreshed grounds. (Pictured below)

Council extends thanks to LLS for the contribution of funds and we would like to especially acknowledge Karin Sluiter, the LLS Project Manager, for her invaluable work in bringing this project to fruition. Council also thanks Gregg & Sons (Steel) for the materials and Neil Leslie for the removal of the existing fence and installation of new fencing and gates.

New Hours for the Info Centre

Council is pleased to announce that effective 1 August 2020 the Balranald Visitor Information Centre (VIC) has new extended opening hours.

This change now provides our visitors (and locals) even greater opportunity to come in to our wonderful tourism facility for brochures, maps, souvenirs, gifts and of course to gain friendly local information about all the things to see and do while in our amazing region!

New VIC hours

Monday to Friday:
9am to 4.30pm

Saturday & Sunday:
9am to 1pm

BALRANALD SHIRE COUNCIL

Corporate Services Update

2020/21 Rate Notices

All property holders within the Balranald Shire area would have received their Rate Notices for 2020/21. It should be noted that the first instalment is due on 31 August 2020 but an additional month to pay would apply should our ratepayers be impacted by COVID-19. Council will not be charging interest on outstanding rates until January 2021.

Water notices for the quarter have also been issued and are due on 31 August 2020. You are requested to contact Council's Rating Officer if you require information on your rates or water charges.

2020/21 Budget Summary

Council has adopted a fully balanced budget for 2020/21 with an extensive 15.1 million Capital Works Program funded through Grants, Reserves and a loan funding inclusive of:-

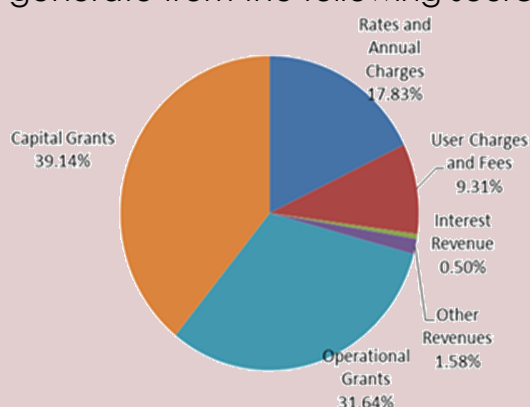

- Balranald Creative Community Learning Centre
- Balranald Tennis Courts Upgrade
- Greenham Park Football Changerooms
- Ben Scott Birdwalk
- Local Roads and Community Infrastructure
- Bidgee Haven Dementia Wing
- Drought Funding – Roadworks
- Riverfront Upgrade including Swing Bridge
- Visitor Complex
- Water Infrastructure Upgrade

Council's Operational budget includes:-

- | | | |
|-------------------|-----------------|--------------------|
| • Road Network | • Tourism | • Community Events |
| • Water Supply | • Aged Care | • Administration |
| • Sewer Services | • Town Planning | • Library |
| • Parks & Gardens | • Recreation | • Governance |

2020/21 Revenue

Council's total cash revenue for 2020/21 is forecast to be \$23.976 million and will be generated from the following sources:

2020/2021 Budget Summary

Total Budget for 2020/21 (inclusive of non funded depreciation)	\$31.4 Mil
Operational Budget	\$16.0 Mil
Capital Works Program	\$15.1 Mil
Loan Repayments	\$ 0.3 Mil

Infrastructure and Development Update

Road Construction and Maintenance

Construction

Work has now been completed on gravel sheeting of a section of the Ivanhoe-Mildura Road across the Lake Leaghur lakebed.

Intermittent improvements are being undertaken on the section of Marma-Box Creek Road between the junction with Magenta-Wampo Road and the Arumpo Road in preparation for the recommencement of works at the Atlas-Campaspe mineral sands mine.

Work will also commence shortly on improvements and widening to a section of the Magenta-Wampo Road under a works agreement with Tronox Ltd, as well as mine-related improvements to two intersections on Main Road 67 (Balranald – Ivanhoe Road).

Unsealed Road Maintenance

Hay Shire Council has been engaged to carry out repair of dangerous storm damage to the Nandum-Corrong Road. Grading of a damaged section of the Oxley-Clare Road from the same storm event has been completed. Hay Shire Council has also been engaged to undertake maintenance grading and formation repair on both the Nandum-Corrong and Corrong-Wooranbara Roads.

Sealed Road Maintenance

Work is progressing on culvert extensions and shoulder widening, at various locations on MR67. The annual bitumen reseal programme for the coming year is being planned, but is likely to be limited to recently constructed sections of MR67 and MR 514 (Oxley Road) that have only had primer seals applied.

Water, Sewerage and Drainage

Balranald Sewerage Program

Contract documents are currently being prepared for a further round of sewer relining and various pump station upgrades.

Balranald Water Network

A draft "Issues Paper" has been received, representing a major milestone in preparation of the Integrated Water Cycle Management (IWCM) Plan by Public Works Advisory. This is being assessed ahead of a proposed meeting with the Department of Planning, Industry and Environment (DPIE) Water Division in September, to progress an application for funding towards a new or upgraded WTP.

Contract documents are currently being prepared for various works on the water network, including for the raw water pump station electrical and monitoring upgrade and a further round of AC mains replacement.

Euston Sewerage Program

Contract documents are currently being prepared for various pump station upgrades.

(cont.)

Euston Water Network

Cathodic protection of the filtered water reservoir, which was proposed to be completed in 2019-20, has now been included in the 2020-21 capital works programme, together with; Raw water pump station upgrade, Ongoing AC mains replacement & Cemetery water reticulation main.

Civic Enhancement Projects

Balranald Riverfront Precinct

A review of environmental factors and cultural heritage matters has been received as part of the proposed swing bridge project. The development proposal will be available for public comment before being presented to Council. Preliminary works are in hand for construction of the proposed walking trail linking the new and existing bridges.

Pictured at right- existing swing bridge.

Pictured supplied by Dusty Fox Photography

Euston Riverfront Reserve and Walking Trail

Upgrading of this infrastructure is an option for funding under the Local Roads and Community Infrastructure programme, subject to Advisory Committee advice.

Ben Scott Memorial Bird Walk

Planning is in hand to progress this project. This work is required to be completed by 31 December 2020.

Community Facilities Upgrades

The budget for funding community events and community facilities under Round 2 of the Drought Communities Programme is now fully subscribed. Additional projects will now be funded from the Local Roads and Community Infrastructure Programme on the advice of Advisory Committees.

Greenham Park Tennis Courts

Funding has been received for the upgrading of the tennis courts. A detailed scope of works has yet to be determined.

Balranald Creative Learning Centre

Funding has been received for the development of a youth-focused Creative Learning Centre to be developed adjacent to the Art Gallery. A detailed scope of works has yet to be developed.

Forward Planning

A submission is being prepared for the State Government's Regional Road Transfer and Road Classification Review, with a view to seeking reclassification to regional road status of the Ivanhoe-Mildura Road. If this submission is successful, it would allow Council to obtain State funding for maintenance and upgrading of the road, which is experiencing increasing heavy vehicle traffic and is expected to become a significant regional link with the completion of sealing MR67 between Ivanhoe and Cobar.

Preliminary planning has commenced on a master plan for future heavy vehicle movement to and from the Ivanhoe Road (MR67) in response to anticipated significant increases in such traffic and to mitigate amenity and safety impacts on the central commercial area.

(cont.)

Balranald Landfill

Work continues at the landfill to clean up historic uncontrolled tipping and to better control specialist waste. The facility was recently inspected by the Environmental Protection Authority (EPA) with no adverse issues reported.

Euston Landfill

Management of this facility is outsourced to Robinvale Waste and it is proposed to extend this arrangement for a limited time to allow Council to invite tenders for the management of the site.

COVID-19 Precautions

The elevated level of cleaning and disinfection of street furniture, public toilets, etc was initially wound back with the easing of COVID-19 restrictions but this has now been reinstated to meet recent changes in risk assessments.

Border Control

Council has now handed over to Police and Transport NSW the responsibility for infrastructure and logistics to support the border checkpoint on the Murray Valley Highway at Euston.

Buildings and Facilities

Football/Netball Club

Pavilion upgrading under Council's original scope of works are now complete. Plans for new change sheds are well advanced.

Bidgee Haven Hostel

Agreement has been reached with funding authorities to defer the required completion date from 31 December 2020 until 30 June 2021 but whether this will be achievable is a matter to be considered in the light of ongoing interstate travel restrictions.

Visitor Centre/Discovery Centre

A preliminary design to integrate the three existing pavilions with a new common foyer and display space was advertised for public comment, with the results reported to the July Ordinary Council Meeting. As determined by Council, this project is now to be referred to the Growing Business, Industry & Tourism Advisory Committee for advice. Council also requested that an analysis of current and future library needs be undertaken, including appropriate community consultation.

MOORAMBILLA MAGIC

As we all settle into the challenges of this year I want to assure you that the entire Moorambilla team is continuing to create a program that celebrates life's possibilities, the Moorambilla Magic is alive and well. We may have had to remodel our delivery and creativity to thrive online however there have been many positives to this and our partnership is one of them! The Moorambilla Magic Modules provide joy, energy and enthusiasm to connect to each other, to our beautiful country and the stories and wisdom it holds for us all is still as strong as ever. Please take a moment to view this link to experience some Moorambilla Module Magic for yourself <https://vimeo.com/429132951>

Moorambilla Magic Modules will be a series of seventy 20 minute online modules that our artistic team have created just for you to do at home, launched on 1 June 2020. The cost to participate in modules is \$100 and you can use your Creative Kids Voucher to cover the entire cost.

The Moorambilla Magic Modules will be accessed via our website and each child will be asked to choose from the various sections on offer, to make up a minimum of 10 completed modules from the seventy on offer. You must complete 10 modules to receive your 2020 Moorambilla Magic Module Completion Certificate. If you want to do more, AWESOME!!

Department Agriculture Water & Environment - Environment Protection EPBC Act Digital Toolkit

Are you planning a project or development, or changing the way that you use your land, which might have impacts on our environment? If so, you may need additional approvals under national law.

To help you work out what you need to do, the Australian Government has developed an information toolkit to explain our national environmental law—the Environment Protection and Biodiversity Conservation Act 1999 (The EPBC Act). It is designed to protect our unique animals, plants, habitats and heritage places now and into the future. Visit <https://www.environment.gov.au/epbc/information-kit>

Tactical Grazing Management Workshop - Local Land Services

Landholders have a great opportunity to be informed of the principles of tactical grazing management at an upcoming two-day workshop, where they will also be encouraged to share their own knowledge and experience. The workshop, which is being run by Western Local Land Services and NSW Department of Primary Industries, is being held at "Curragh", 40 km north of Oxley on 9 and 10 September. Registrations are essential and are due by 31 August to Senior Land Services Officer, Tanisha Shields on 0447 642 131 or via email to tanisha.shields@lls.nsw.gov.au

If you're planning to burn off to get ready for the bush fire season, let us know first.

You can now notify us of your planned burn online.

Bake Sale at TransGrid's community drop-in session

A special thank you from TransGrid to the local community for a warm welcome at the recent Balranald drop-in session.

NSW high-voltage network operator, TransGrid, hosted a community information session at the Senior Citizens Hall and wish to extend a huge thank you to Connie, the Balranald Can Assist Committee and the local community members and landholders who attended to discuss the EnergyConnect project.

Connie and the incredible Can Assist committee held a bake stall alongside TransGrid's drop-in session and with contributions from all of the local bakers they raised over \$700 throughout the morning.

TransGrid spokesperson Mitchell Hume said the team was thrilled with the result and pleased that they were able to partner with and support a local group which works hard for such a great charity.

"Our aim is to continue to engage with community interest groups so we can support and contribute to the long-term wellbeing of local communities, particularly in areas where our assets are located or in development," Mr Hume said.

EnergyConnect is a proposed new 900km transmission line which will link power grids in NSW, SA and Victoria. TransGrid's team provided project information to the community and collected valuable local insights and feedback to help with the design and planning work for the project.

For more project details or to provide feedback please visit: transgrid.com.au/energyconnect, email: pec@transgrid.com.au or phone: 1800 49 06 66.

BALRANALD DERBY DAY 2020 - CANCELLED

It is with regret that the Balranald Race Club shares the news that we have decided to cancel the Derby Day Races for this year. The event was to be held Saturday 31st October 2020, however following our General Meeting earlier this month we have decided we will not be able to proceed. A decision regarding the Balranald Cup meet on Saturday 20th February 2021 will be made closer to the date.

We thank the community for your understanding and extend our best wishes that everyone may be keeping safe & well. We look forward to celebrating the races with you in the future.

STOP THE SPREAD OF CORONAVIRUS (COVID-19)

Wash your hands regularly and thoroughly with soap and water.

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water. Why? Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

Avoid touching your eyes, nose and mouth and unnecessary physical contact with others.

Why? Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth. From there, the virus can enter your body and can make you sick.

Cover your cough and sneeze with the bend of your elbow or a tissue.

Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately. Why? Droplets spread virus. By following good respiratory hygiene you protect the people around you from viruses such as cold, flu and COVID-19.

Stay at home if you feel unwell - even with a slight fever and cough.

Stay at home if you begin to feel unwell, even with mild symptoms such as headache and slight runny nose, until you recover. Why? Avoiding contact with others and visits to medical facilities will allow these facilities to operate more effectively and help protect you and

Avoid large gatherings and crowded public areas and practise social distancing.

Maintain at least 1.5 metre (5 feet) distance between yourself and anyone who is coughing or sneezing. Why? When someone coughs or sneezes they spray small liquid droplets from their nose or mouth which may contain virus. If you are too close, you can breathe in the droplets, including the COVID-19 virus if the person coughing has the disease.

If you have a fever, cough and/or difficulty breathing contact your local medical service by phone.

Why? National and local authorities will have the most up to date information on the situation in your area. Calling in advance will allow your health care provider to quickly direct you to the right health facility. This will also protect you and help prevent spread of viruses and other infections.

Stay up to date and aware of all relevant information at the appropriate sources.

Stay informed on the latest developments about COVID-19. Follow advice given by your healthcare provider, your national and local public health authority or your employer on how to protect yourself and others from COVID-19. Why? National and local authorities will have the most up to date information on whether COVID-19 is spreading in your area. They are best placed to advise on what people in your area should be doing to protect themselves.
