

Parrots, Plants, Pests and Pasture

Image: Michael Todd, a 'squadron' of Regent Parrots in flight.

Landholders and community members are invited to attend Western Local Land Services' *Parrots, Plants, Pests and Pasture* expo, where they will gain a greater understanding of local threatened species, including the Regent Parrot, while getting the latest production and project updates.

Local staff members with a range of expertise will be on hand to present or simply have a chat with attendees throughout the afternoon. Attendees can also get up close and personal with a range of native animals in an interactive wildlife experience provided by EnviroEDU.

Overview of the day

- 1:30 pm: Landholders/community members arrive.
- 1:45 pm: Identifying the Regent Parrot, habitat requirements, opportunities to assist the local population.
- 2:30 pm: Meet the Western LLS team, your local contacts for all things parrots, plants, pests, pasture and much more.
- 3 pm: Pest animal update including an overview of the 'White Spaces' project.
- 3:30 pm: Ag Chat, including a Queensland fruit fly update.
- 4 pm: Wrap up of the day, safe trip home.
- 2:30-4 pm: Roaming interactive wildlife experience.

This event will be COVIDSafe. Please visit the NSW Government for the latest health advice or contact the event organiser as per the contact details.
