

Barham flooding Monitor conditions Advice

Issued: Friday 30 Dec 2022 3:37 pm

FINAL UPDATE

The NSW SES advises people in the following area(s) to **MONITOR CONDITIONS** of the minor flooding on the Murray River:

- Barham and surrounding areas

You should monitor conditions by checking warnings issued by NSW SES on their website and Facebook page, listening to your local ABC radio station, and following the latest weather information from the Bureau of Meteorology online.

What are we expecting?

The Bureau of Meteorology advises The Murray River at Barham is below the minor flood level and falling.

The Murray River at Barham is expected to remain below the minor flood level (5.50 m).

Based on predictions from the Bureau of Meteorology, the following areas may be impacted by floodwaters:

- Low-lying minor roads, causeways and culverts
- Low-lying farming and rural areas
- Koondrook and Perricoota State Forests may still be inaccessible

What you need to do:

- Consider the consequences of road and bridge closures. Damage to roads, bridges or buildings caused by flooding and landslip may still exist in your area. Consider the need to make alternate arrangements for work, children, and travel.
- Be aware of road hazards including mud and debris.
- Remain vigilant as there could still be water in low lying areas.
- Obey all signs about road closures and instructions from emergency services.
- Never drive, walk, ride through, play or swim in flood water - it is dangerous, toxic, and may void your car insurance. If it's flooded, forget it. Fines may apply.
- Avoid storm drains and pipes, ditches, ravines, creeks, and rivers.
- If you are isolated and require resupply, contact NSW SES on 132 500.
- Contact your Local Land Services Office for rural animal and livestock assistance at lls.nsw.gov.au or call 1800 814 647

For more information:

- Listen to your local ABC radio station which can be found at reception.abc.net.au.
- Listen to ABC 675 AM Corowa or ABC Central Victoria 91.1 FM
- Follow us on social media [@NSWSES](https://twitter.com/NSWSES) or visit our website at www.ses.nsw.gov.au
- Learn about your risk at www.ses.nsw.gov.au/knowyourrisk/

- Check latest weather, warnings, rainfall and river heights at bom.gov.au/nsw/
- Check road closures at livetraffic.com.au or [132 701](http://132701) or your local Council.

For emergency help in floods, storms and tsunamis, call the NSW State Emergency Service on [132 500](http://132500). In life threatening situations, call Triple Zero (000) immediately.
