

## Hillston Greater Area flooding

### Do not enter floodwater

### Watch and Act

**Issued:** Friday 30 Dec 2022 2:12 pm

**Next update:** Tuesday 03 Jan 2:30 pm or as the situation changes

The NSW SES advises people in the following area(s) **NOT TO ENTER FLOODWATER** due to current ongoing moderate flooding:

- Hillston Greater Area flooding

You should monitor the situation as it is constantly changing. Avoid floodwater for your safety.

### What are we expecting?

The Bureau of Meteorology advises moderate flooding continues at Hillston.

The Lachlan River at Hillston Weir is currently at 2.96 metres and falling slowly, with moderate flooding.

Hillston Weir is likely to remain above the moderate flood level (2.80 metres) through to early January.

Based on predictions from the Bureau of Meteorology, the following areas may be impacted by dangerous floodwaters:

- Low-lying roads and bridges may be impassable or closed.
- Large passes of roads may still be impacted by floodwater & infrastructure damage.
- Rural farming areas

### What you need to do:

- If you have a Home and/or Business Emergency Plan, review it now. Otherwise, have a conversation and plan for what you will do and take with you if you need to evacuate.
- Consider the consequences of road and bridge closures and water over roads and make alternate arrangements for work, children, and travel.
- Plan your route carefully to avoid flooded roads and allow extra travel time.
- Obey all signs about road closures and instructions from emergency services.
- Avoid storm drains and pipes, ditches, ravines and rivers.
- Never drive, walk, ride through, play or swim in floodwater - it is dangerous, toxic, and may void your car insurance. If it's flooded, forget it. Fines apply.
- Share this information with family, friends, and neighbours and help others prepare where possible.
- If you are isolated and require resupply, contact NSW SES on 132 500.
- Contact your Local Land Services Office for rural animal and livestock assistance at [lls.nsw.gov.au](https://lls.nsw.gov.au) or call 1800 814 647
