

Deniliquin flooding Monitor conditions Advice

Issued: Friday 01 Dec 2023 8:35 am

FINAL UPDATE

The NSW SES advises people in the following area(s) to **MONITOR CONDITIONS** of the flash flooding on the Deniliquin township:

- Deniliquin and surrounds

You should monitor conditions by checking warnings issued by NSW SES on their website and Facebook page, listening to your local ABC radio station, and following the latest weather information from the Bureau of Meteorology online.

What are we expecting?

Intense rainfall and storm activity earlier this week caused overland flash flooding in and around Deniliquin.

Water is slowly receding and pumping of sitting water will continue for the next few days.

Some roads and causeways may still be impacted by water.

What you need to do:

- Consider the consequences of road and bridge closures. Damage to roads, bridges or buildings caused by flooding and landslip may still exist in your area. Consider the need to make alternate arrangements for work, children, and travel.
- Be aware of road hazards including mud and debris.
- Remain vigilant as there could still be water in low lying areas.
- Obey all signs about road closures and instructions from emergency services.
- Never drive, walk, ride through, play or swim in flood water - it is dangerous, toxic, and may void your car insurance. If it's flooded, forget it. Fines may apply.
- Avoid storm drains and pipes, ditches, ravines, creeks, and rivers.
- If you are isolated and require resupply, contact NSW SES on 132 500.

For more information:

- Listen to your local ABC radio station which can be found at reception.abc.net.au.
- Follow us on social media [@NSWSES](https://twitter.com/NSWSES) or visit our website at www.ses.nsw.gov.au
- Learn about your risk at www.ses.nsw.gov.au/knowyourrisk/
- Check latest weather, warnings, rainfall and river heights at www.bom.gov.au/nsw/
- Check road closures at live.traffic.com.au or [132 701](https://132701.com.au) or your local Council.

For emergency help in floods, storms and tsunamis, call the NSW State Emergency Service on [132 500](tel:132500). In life threatening situations, call Triple Zero ([000](tel:000)) immediately.

Media enquiries: media@ses.nsw.gov.au or call [1800 067 234](tel:1800067234)

This is an Advice level warning. The NSW SES utilises the Australian Warning System to warn communities about severe weather, flooding and tsunamis. Learn more about the warning levels at www.ses.nsw.gov.au/warnings
