INTRODUCTION

Council's Operational Plan (OP) aims to deliver services to our community in a financially sustainable manner and are critical components of Council's obligation to the community under the NSW Governments Integrated Planning and Reporting (IP&R) Framework. This Operational Plan (OP) details what will be delivered during the 2025-26 financial year. Additionally, the 2025-26 Operational Plan (OP) should be read in conjunction with the 2025-29 Delivery Plan (DP).

Council is facing a significant challenge of spending more than the revenue it generates, which is not a sustainable approach for the long term. As a result of this Council is now making a conscious effort to address this issue by implementing measures to reduce spending, increase revenue, and ultimately provide a balanced budget. These measures include a thorough review of the current budget, identifying areas of unnecessary spending exploring revenue-generating opportunities and exploring alternative approaches to manage costs. By taking these steps, Council aims to ensure that it remains financially sustainable and capable of meeting the community's needs both now and in the future.

INTEGRATED PLANNING AND REPORTING FRAMEWORK

The Integrated Planning and Reporting (IP&R) framework allows councils to develop plans of appropriate size, scale and content for their communities. As each community in NSW is different, each council’s Community Strategic Plan and Delivery Program will be different. The most important thing is that the Community Strategic Plan, and the implementation structures that support it, are fit for purpose and appropriate to their communities.

The role of the Office of Local Government (OLG) in the planning process is to build the framework, provide guidance and assistance to councils in implementing it, and check that it is working. Each council’s role is to use the planning process creatively, for the benefit of their community.

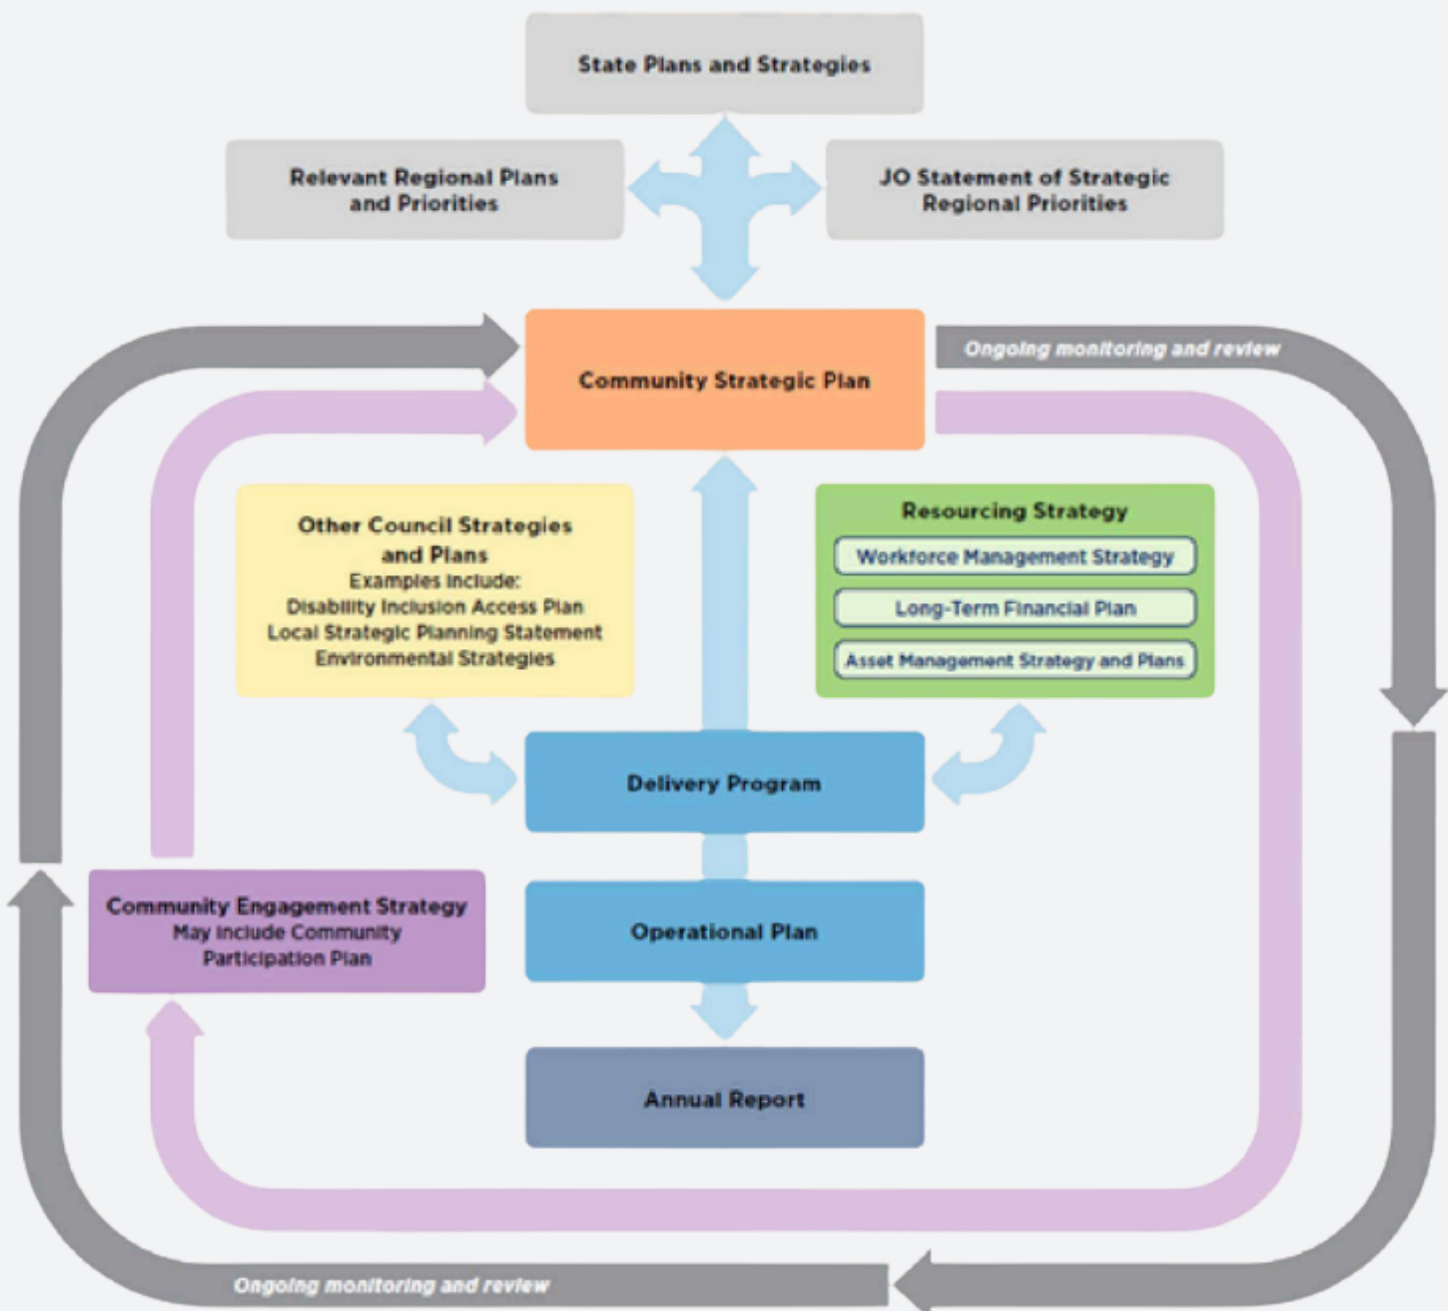

Apart from providing a clear picture for the future, the planning process can also help councils to better connect with their communities to gain a more detailed understanding of their area and its regional context. The process can also provide opportunities for councils to streamline their operations.

PURPOSE OF THE OPERATIONAL PLAN

The Integrated Planning and Reporting process establishes a set of plans to outline the long term vision for the future of our community. This plan is developed in conjunction with the Community and the many different stakeholders who are part of the community.

Plans Include

- Community Strategic Plan - covers the next 10 years and identifies our key objectives and strategies of the community, captured through extensive community engagement This plan operates from 2025 to 2035.
- Delivery Program - establishes rolling strategies which outlines how the Council will deliver the outcomes proposed in the Community Strategic Plan over a four-year timeframe.
- Resourcing Strategy – **Asset Management Strategy, Workforce Management Plan, Long Term Financial Plan**
- A set of plans and strategies that ensure Council has the necessary resources and assets, and that Council plans for the future accordingly
- Operational Plan - outlines Balranald Shire Council’s budget for the year ahead.

ORGANISATIONAL STRUCTURE

AREAS OF RESPONSIBILITY

Accountability is a key component of ensuring Council delivers quality services. The Operational plan needs to clearly state who is responsible for the delivery of Council’s services. While the General Manager is ultimately responsible, it takes a team to deliver the broad range of services, and a number of managers across Council are responsible for multiple service areas. The below table summarises the services and management ownership of that service.

Directorate	Service	Responsible Manager
General Manager	Civic Office	General Manager
Director of Governance, Business and Community Services	Corporate, Governance and Risk	Director of Governance, Business and Community Services
	Finance	Chief Financial Officer
	Work Health and Safety	Work Health Safety Officer
	Tourism and Economic Development	Tourism and Economic Development Officer
	Human Resources	Human Resources Officer
	Information Technology	Information Tech Officer
	Aged Care Facility	Aged Care Facility Manager
	Library Services	Library Manager
	Caravan Park	Caravan Park Coordinator
	Asset Management	Assets Officer
Director of Infrastructure and Planning Services	Stormwater and Drainage	Infrastructure Coordinator
	Transport Network	Works Coordinator
	Plant, Fleet and Equipment	Infrastructure Coordinator
	Parks, Gardens & Open Spaces	Works Coordinator
	Swimming Complex	Human, Environment & Development Coordinator
	Waste Management	Works Coordinator
	Planning and Regulation	Human, Environment & Development Coordinator
	Building and Amenities	Human Environment & Development
	Water Supply Services	Water and Sewer Coordinator
	Sewerage Services	Water and Sewer Coordinator

HOW TO READ OUR INTEGRATED PLANNING AND REPORTING PLANS

To make our plans meaningful and easier to read they are broken down into the Pillars, Objectives, Strategies and Actions that will be used to drive Council’s service delivery.

The Community Strategic Plan (CSP) outlines the pillars, objectives and strategies that are the community’s vision and are outline below.

The Delivery Plan (DP) reinforces the pillars, objectives and strategies and provides the service area that will deliver that service.

This document, the Operational Plan (OP) outlines actions that will be undertaken this financial year by Council to deliver services to the community.
To simplify the reading of this document, the high level combination of pillars and objectives from the CSP used to drive the development of this plan are shown in the below table.
