

The Essential Grants program is now open!

**Spark change and empower your community
with grants of up to \$15,000 available for eligible projects**

Community groups, charities and not-for-profit organisations in the Essential Energy network area can apply for grants of up to \$15,000, for projects that align with one or both of the following focus areas:

Energy transition

Examples include installing solar panels or batteries, improving energy efficiency, running energy literacy programs, or introducing low-emission transport solutions.

Sustainability and climate adaptation

Examples include projects that help organisations and communities prepare for and respond to climate-related events (e.g. bushfires, floods, heatwaves), integrate sustainable materials, reduce waste or promote reuse and recycling.
